COMPANY PROFILE

People, passion, innovation

Decades of experience designing and manufacturing professional electric vehicles, made Zallys a reference company in its field, offering **logistics solutions** for any requirement related to the **handling of wheeled loads, transport of goods and personnel**.

Quality

- Made in Italy, premium-grade products
- Carefully selected suppliers
- Experienced and specialized team

Transparency

- What you buy is what you get
- Guaranteed lead times
- Certified products

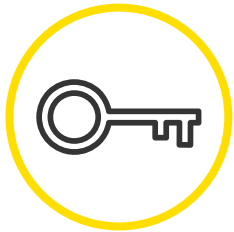

Service

- First class customer care
- Top-quality after sale service
- Customized solutions

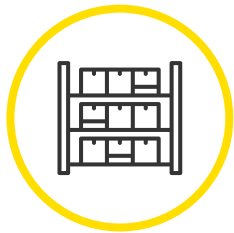

Why become a Zallys Dealer

A prospective customer for Zallys solutions can be a targeted customer for other material handling equipment you already have in your range. **Be one step ahead of your competitors** and offer to your customers what others have not.

Open new business opportunities

Our products can be a valuable access key to become suppliers of many companies that were not yet listed in your customers portfolio.

Expand product range

Zallys vehicles are a great addition to many different products range, working in synergy with similar electric solutions like forklifts, lift platforms, etc.

Ongoing sale support

Zallys offers to all its dealers an ongoing sale support through language-specific website, contacts forwarding and an evergrowing customer database

Why choose our vehicles

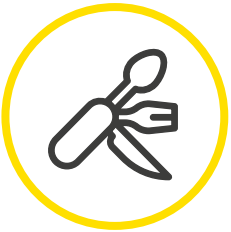

Increase Productivity

Doing more in less time means more productivity, **implementing lean manufacturing principles** by simplifying the operational structure of work environment

Prevent injuries

Reduce the risks related to the manual handling of loads, in compliance to the Manual Handling Guidelines which sets the limit at 25 kg

Versatility

Easily handle loads in those small places where a traditional forklift won't fit, **without the need of license or special training** to operate

Eco-friendly

Electric powered, silent running and without emissions, to **being used into indoor environments** (such as tunnels, mines, etc), traffic-free zones and much more

What quality means to Zallys

We do our best to create only **top-quality products**: our **continued growth**, the **proven satisfaction** of our Customers and Dealers and sheer numbers, speak for themselves.
