

# Stainless Steel Programm

haacon lifts you up

- Applications:**
- Chemical industry
  - Waste water plant
  - Food industry
  - Studios, stages and theatres
  - Sport installations
  - Shipbuilding industry
  - Mechanical engineering

## NEW

### Rack & pinion jack type 1524

Capacity 500 kg  
Lift 530 and 1000 mm

Rack & pinion jack for lifting, lowering, adjusting and fixing of mechanical components, devices, machines, etc.

- Extremely easy functioning, self-locking worm gear
- Folding handle
- Robust version with milled rack and hardened gears, for indoor and outdoor applications

## NEW

### Stainless Steel Rope Pulley with Bracket

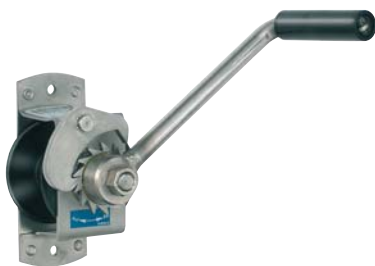

Capacity 125 kg

- Bolt on type
- For ropes from 2 to 4 mm  $\varnothing$

Capacity 500 kg

- Bolt on type
- For ropes from 5 to 6 mm  $\varnothing$

## NEW

### Hand robe winch type 4210

Capacity 125 kg

- Easy and safe operation
- Easy and space-saving mounting
- Corrosion resistant
- Turning respectively foldable crank

**Stainless steel ropes ex stock!**

## NEW

### Bracket winch type KWE\*

Capacity 150, 250, 650 or 1000 kg

- Robust winch with very good price performance ratio
- Self-actuating load break
- Free accessible drum
- High rope capacity

\* Available from 01/2007

### Hand rope winch TANGO

Capacity 300 / 500 kg

Future oriented range of hand winches with many advantages:

- Quiet running
- Large rope capacity
- Compact design
- Fully enclosed
- Self-locking brake-proven security concept
- Folding crank handle
- Low weight
- Suitable for wall or base mounting

**Stainless steel ropes ex stock!**

### Stainless steel swivel jib cranes for waste water plants

Capacity from 150 to 500 kg  
Support arm 400 to 2000 mm

### Electric rope winches

Built to your requirements with drum and accessories made of stainless steel

Range of electric wire rope winches:

- High quality geared 400 V, 3 ph, 50 Hz braked motor or 230 V, 1 ph, 50 Hz
- Long capacity drum for up to 35 m wire rope
- Overload protection for loads above 1000 kg
- Maximum safety, functionality and operating comfort
- Various options (see sheet auxiliary equipment)
- Duty classification corresponding to 1 Bm 25 % duty factor

### Hand rope winch type 4585

Capacity 500 / 750 kg

- Enclosed gear-drive
- Internal self-actuation load brake
- Detachable safety crank

### Hand rope winch type 4202

Capacity 500 kg

Same features as type 4585, additional:

- High and low speed gears with declutchable rope drum
